

Sorsogon, at the southern part of Bicol Peninsula, is bounded on the north by the province of Albay, on the east by the Philippine Sea and on the west the Pacific ocean. Sorsogon has a lot to offer starting with Mt Bulusan and his eponym lake. The itinerary will bring you to Mt Bulusan, Bulusan lake, Barcelona Church, Old houses and Mateo hot/cold springs. Mt Bulusan is one of the three active volcanoes in Bicol region and is regularly entering in eruption. The lake is offering a nice retreat with canoe-kayak available on site.

Barcelona Church/ St. Joseph Church is located seven kilometers south of Gubat. The church is 19th century old and the walls are made of huge slabs of stone cemented with a unique mixture of beaten egg white, native coconut wine (tuba) and lime. It is considered to be the most well preserved church in the bicol region with the bell tower still relatively intact.

Bring your swimsuits during this tour, to enjoy the refreshment provided by the natural hot/cold springs coming directly from Bulusan Volcano.

Finally, you will get the chance to visit some old spanish houses and admire some old pieces of furnitures.

even kilometers south of Gubat, check out St. Joseph Church in the town of Barcelona, a 19th century structure with walls made from huge slabs of stone taken from the sea and cemented together using a unique mixture of beaten egg white, native coconut wine (tuba), and lime. It is considered the most well preserved church in the province with its original walls and bell tower still relatively intact. You can also climb its belfry for a great view over the ocean. - See more at: <http://www.lakwatseradeprimera.com/ten-things-to-do-in-sorsogon/#sthash.dutn9nrz.dpuf>
